2010 Subud World Subud Congress COUNTRY REPORT

NAME of COUNTRY	Israel
GENERAL FACTS such as number of members and groups	180 members 160 active 5 groups and some isolated members Name of the groups : Zichron Jacob ; Herzelia ; Tel-aviv (more than 100 members) ; Jerusalem and Arad
GENERAL CHANGES in the last four years	Number of members is stable; some of the smaller groups getting smaller but as more than a third of the members are helpers the situation is good. More and more young members are in commity jobs and becoming helpers.
IMPORTANT EVENTS in your country since 2005	In Subud Israel we are used to celebrating many holidays together, Cultural events, trips and once in a year there is a congress. This year we would have our national congress after Christchurch.
WORK OF NATIONAL COMMITTEE in the last four years	It's hard to summarize a work of 4 years; as you can't describe the helpers work in a period of 4 years. The essence is built from the details. The national committee has done two major things : Communication: most of our members are linked by mail to messages from the national committee and the WSC communication, Talks and so on. Finance : On the last 4 years we had helped several members and lately helped an enterprise by loans and sometimes by grants. The general feeling is that we all benefit from that even if we "loose some money" sometimes.
HIGHLIGHTS of MEMBERS' PROJECTS	We are organising bazaars the Subud house at Tel Aviv. The bazaar aims are to help Subud members sell their works and to make income to Subud groups as well.
IMPORTANT OBJECTIVES and HOPES for the future	Thank god for what we have achived and maybe once we would own a Subud House. To open a Kind Of Scholarship for enterprises all over the world.
NATIONAL FINANCES	Most of the National budget for 2009 and 2010 is spent for sending 3 delegates to the World Congress
