2010 Subud World Subud Congress COUNTRY REPORT

NAME of COUNTRY	ITALY
GENERAL FACTS such as number of members and groups	Groups: 5 Members: 45-50 (many are isolated members) There is no significant change in numbers. We have quite 8-10 openings per year, but the same quantity is disappearing throughout the year. Many members are not so constant (or persevering) in the life of the groups (although continuing to do latihan alone). The group activities are poor, due also to the scattered distribution of the membership in the country.
GENERAL CHANGES in the last four years	no relevant changes
IMPORTANT EVENTS in your country since 2005	Zonal Meeting 2008
WORK OF NATIONAL COMMITTEE in the last four years	Try to create a better connection between the members and among the groups; creation of a national website, with the aim to increase the availability of Bapak and Ibu talks translated to Italian.
HIGHLIGHTS of MEMBERS' PROJECTS	no projects
IMPORTANT OBJECTIVES and HOPES for the future	All the activities are centered in latihan. More unity and harmony would be necessary to permit the growth of some project inspired by the putting in practice of the latihan in a more collective outlook.
NATIONAL FINANCES	Scant (€6-7000 per year): based for the 40% on members contributions, for the 45% on donations and profits of the Subud House (Florence) and a 15% from events (national Congress, meetings)
