

To: the Management Board of World Subud Association

Auditor's report

We have audited the accompanying financial statements 2009 of World Subud Association, which comprise the balance sheet as at December 31, 2009, the profit and loss account for the year then ended and the notes.

Management's responsibility

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the Netherlands. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Dutch law. This law requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of World Subud Association as at December 31, 2009 and of its result for the year then ended in accordance with accounting principles generally accepted in the Netherlands.

Rotterdam, October 26, 2010

Ernst & Young Accountants LLP

signed by W.E. Paardekooper

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization, Purpose, Affiliation, and Tax Status

The World Subud Association, a non-profit tax-exempt corporation, was organized October 2, 1989, in the District of Columbia, United States of America. The Organization was created for the purpose of assisting the worldwide development of Subud, which stands for Susila Budhi Dharma, a training in the worship of Almighty God. The Organization solicits Subud members, national Subud organizations, and enterprises of Subud members for contributions, whether or not restricted as to manner, amount, or timing, and applies these funds in programs. In 2009 and 2008 the Organization's programs included the provision of travel and communications funds to volunteer international helpers and others who assisted members and applicants, and the provision of funds to other volunteers who worked for the various so called Bapak Legacy projects and other programs. In addition to this, the Organization made grants to affiliated organizations to further develop Subud worldwide. Since the World Congress in January 2010 the principal office of the Organization is located in Kambah, Australia, and the members of the governing council reside in Asia, Australia, Europe, Africa, and the Americas.

The World Subud Association organized the Muhammad Subuh Foundation, a Virginia nonprofit tax-exempt corporation, in 1991 for the purpose of holding the long-term assets of the Organization and major gifts, bequests, and endowments of Subud Members. Although the Organization has the right to jointly approve the Foundation's operating budget, the governing bodies and operations of each organization are independent. Accordingly, the accounts of the Foundation have not been combined with those of the World Subud Association.

Income Taxes

On April 19, 1990, the Organization was granted tax-exempt status as a section 501 (c)(3) organization and was recognized as a public charity by the United States Internal Revenue Service. Accordingly, no provision has been made for United States Federal or state income taxes.

Classification of Net Assets

Net assets are assets reduced by liabilities and are reported in the financial statements in three classes: unrestricted net assets, temporarily restricted net assets, or permanently restricted net assets, based on the absence or existence of donor-imposed restrictions.

Permanently restricted net assets generally result from long-lived assets donated for a specific purpose with a donor stipulation that the assets be preserved and not sold, or from assets donated with donor stipulations that they be invested to provide a permanent source of income, e.g., endowment funds. The Organization had no permanently restricted net assets during the period covered by the financial statements.

Temporarily restricted net assets are those assets donated for (a) support of particular operating activities, (b) temporary investment for a specified term, (c) use in a specified future period, or (d) acquisition and use of long-lived assets such as buildings.

Unrestricted net assets generally result from receipt of unrestricted contributions, grants, revenues from providing services, producing and delivering goods, and receiving dividends or interest from investments in income-producing assets, less expenses incurred in providing services, producing and delivering goods, raising contributions, and performing administrative functions. The only limitations on the use of unrestricted net assets are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in the articles of incorporation or bylaws, limits from contractual agreements with suppliers and creditors, and self-imposed limits such as voluntary resolutions by the Directors to designate a portion of its unrestricted net assets for a particular use.

Support, Revenue, and Pledges

Contributions are solicited from individual Subud members, businesses of Subud members, and Subud organizations worldwide and no solicitations are made to the general public. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Pledges for contributions are recorded as income when received and allowances are provided for pledges estimated to be uncollectible.

Property and Equipment

Property is recorded at cost or at the estimated fair value at the date of the gift, if donated. Minor equipment purchases such as office equipment and personal computers are expensed when acquired because management believes that the expensing of these types of acquisitions does not materially affect the financial statements. Accordingly, there were no depreciable assets as of the date of the statement of financial position. Maintenance, repairs, and renewals are expensed, and additions and improvements, when material, are capitalized. Depreciation is computed on a straight-line basis over the estimated useful life of the asset.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all cash on hand, demand cash balances, and highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents for purposes of the statement of cash flows.

Currency Valuation

All values presented in the financial statements are stated in United States dollars and assets and liabilities stated at interbank exchange rates as of the last day of the applicable years.

NOTE 2- CASH

As of September 1, 2001 the Organization maintains current accounts in USD, Euro and GBP with the ABN AMRO Bank in the Netherlands and a checking account with the Wachovia Bank in the United States of America.

In the course of 2002 the Organization opened custodial accounts with the ABN AMRO Bank for Zonal activities. Although these accounts are registered in the name of the Organization they are managed independently and without interference of the Organization. For that reason these accounts are included in the balance sheet, but the operational income and expenditure are not recognized in the Statement of Activities.

NOTE 3- CREDIT RISKS - FINANCIAL INSTRUMENTS

Financial instruments (accounts) that potentially subject the Organization to concentrations of credit risk consists principally of:

Concentration of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

By the end of 2009 the Organization's U.S. bank deposits were slightly over the U.S. federal deposit insurance ceilings for U.S. banks and thus deposits in the U.S. bank accounts at the end of 2009 were uninsured for that part.

The amounts on deposit in the Dutch banks at the end of the year amounted to \$ 161,800, mainly held in USD and GBP. In view of the short term use of these funds they do not constitute a significant credit risk to the Organization.

NOTE 4- DONATED SERVICES AND FACILITIES

There is no value reflected in the accompanying financial statements for donated services where non-financial assets were not enhanced and the services were not of a nature typically purchased by the Organization. Nevertheless, a substantial number of directors, officers, and volunteers have donated significant amounts of time in attempting to raise contributions and organize the Organization's activities.

The owners of such facilities have donated the use of operating facilities worldwide. The estimated rental value of these facilities is not reflected in the accompanying financial statements since the use was intermittent and there was no objective basis available by which to measure the value of such facilities.

NOTE 5- ALLOCATION OF JOINT COSTS

In 2009 and 2008 there were no allocated joint costs that were material to the financial statements.

NOTE 6- PENSIONS

The Organization is obligated to provide joint survivor pensions for certain helpers that worked in the International Secretariat for the founder of Subud, and for a former staff member of the guesthouse in Wisma Subud, Jakarta, Indonesia. In 2009 pension costs amounted to \$16,527 (2008: \$ 16,467). These pension obligations are expected to continue at approximately the same level for the foreseeable future.

NOTE 7- PROCESSING OF GRANTS RECEIVED

Annually the Organization receives from the Muhammad Subuh Foundation substantial grants for projects and programs managed by the International Subud Committee. In accordance with agreed procedures the Foundation may transfer these grants directly to the projects for reasons of efficiency. Such payments by the Foundation are included in the Organization's financial statements by recognizing them as "grants received" and "expenditure of the project".

NOTE 8 – WORLD CONGRESS

January 5 – 17, 2010 the Association held its 13th World Congress in Christchurch, New Zealand. As this event was the full responsibility of the outgoing Executive Committee (replaced during congress) all expenses related to the congress have been allocated to the year 2009.
