COMMITMENT TO DONORS

Transparency and trust are fundamental to the relationship with our donors. Therefore we are committed to providing all donors with these rights:

- I. To be informed of the identity of those serving on the organization's governing board and executive committee, and to expect both to exercise prudent judgment in their duties and responsibilities.
- II. To have access to the organization's most recent financial statements.
- III. To be assured their gifts will be used for the purposes for which they were given. Where this is not possible, we will inform and consult the donor.
- IV. To receive appropriate acknowledgment and recognition (or alternatively, respect for their confidentiality and wish to remain anonymous).
- V. To be assured that information about their donation is handled with respect and with confidentiality to the extent provided by law.
- VI. To expect that all relationships with individuals representing organizations of interest to the donor will be professional in nature.
- VII. To be assured that their privacy will be respected and their personal information will not be shared with other organizations.
