## 2010 World Subud Council Meeting AFFILIATE / ACTIVITY REPORT

<b>Name and Affiliate/Activity</b>	Roland Fraval - SYIA Area 1 Coordinator
<b>YOUR ROLE/WORK</b> How do you see your role? What has been your main focus since world congress?	Since congress we have been focused on building our communication chanel's both with the WSA committee, the other SYIA rep's and the National Youth coordinators of the individual area's.
<b>PROJECTS/NETWORKING</b> Please report on important developments or projects. Have there been developments in international networking?	Apart from building on the IYTF we have no major projects on the go at the moment
<b>STRENGTHS/WEAKNESSES</b> What are the strengths and weaknesses of your affiliate/activity?	At the moment we are dealing (like the rest of the Subud Organisation) with the issues around being so spread out. Especially in Area 1, the youth are very far apart and there is little to no communication between the groups.  However, there is a lot of energy to create things and people willing to work, though there is often a lack of direction to put that energy into.
<b>COLLABORATION</b> How do you see the possibilities for working with other affiliates/ activities? Or for better collaboration within the WSA?	I think that without other bodies SYIA will simply not function and am confident that our relationships with the WSA and other wings is good and will become closer and more integrated.
<b>COMMENTS</b> Any other comments?	
<b>WSC MEETING</b> What would you like to see addressed at the 2010 WSC meeting?	I want to see Enterprises fostered, supported and brought to life, and I would like the meeting to talk about how we can do this.
