2010 World Subud Council Meeting ZONE REPRESENTATIVE REPORT

Name and Zone	Hadrian Fraval - Zone 1 & 2
ZONAL DEVELOPMENT How well has your Zone been functioning as a Zone?	Communication has been a major challenge since World Congress in Christchurch. Responses to e-mails have been slow or not at all. We are trying to organize a zonal meeting for early next year but the date and venue are still unclear. Its been a difficult time post Congress!
ACTIVITIES What activities have been especially important in your Zone?	The zone is organizing a zonal meeting in early 2011 but the venue and date has not been finalised. A zonal project is in the planning stage to build a meeting and community centre in Rungan Sari with accomodation for youth visits.
COUNTRIES Are there any developments that have occurred in your countries recently?	The IHs attended the Indian Congress which by all accounts was a very positive meeting. New Zealand held their National Congress and the new committee with Judy at the helm has started quickly to build on the post Congress positive feeling in NZ. Australia held a gathering in Brisbane which had a Kedjiwaan focus and was attended by all the NHs and some IHs.
ZONE STRENGTHS/WEAKNESSES What are the strengths and weaknesses in your zone?	Large memberships in Indonesia and Australia. Well established organized helper and committee structures in Australia, Indonesia, India, Japan, New Zealand, Malaysia, Singapore and Sri Lanka. Very spread out zone with large travel distances. Communication a challenge. No zonal focus.
ANYTHING ELSE	Need more committment from CCs to communicate activity in their Country.
WSC MEETING What would you especially like to address at the 2010 WSC meeting?	Support (not necessarily financial) for a zonal meeting place to be built at Rungan Sari. Archives.
